6. REPORTS FROM REPRESENTATIVES

- 6.1. **PlanMK Working Group** – Cllr Williams reported that the proposal to include land within Haversham cum Little Linford as a strategic development area had been removed. Ward Cllr Geary affirmed this position although it had to be formalised this coming week. He added that the time-period of the Plan had been reduced to 15 years (previously proposed as 20 years) and that the proposed Plan would still have to undergo a Planning Inspector's Examination in 2018 and is likely to be challenged by developers at that time. A new element of the draft Plan:MK requires 1,000 houses to be built across the rural parishes during the Plan period, in line with their Neighbourhood Plans which should be prepared within the next five years. As a result of the MKC decision to withdraw the Haversham development plans Cllr Williams in negotiation with the consultant had revisited his terms of contract. He would now prepare a comprehensive report on the draft Plan:MK for Haversham cum Little Linford, Castlethorpe and Hanslope to use as part of their consultation response. Castlethorpe and Hanslope Parish Councils along with Protect Rural MK had been in agreement. Cllr Williams would be speaking at the MK Council

HAVERSHAM cum LITTLE LINFORD PARISH COUNCIL

- Meeting tomorrow (21st Feb) to thank the Plan:MK working party for listening to representations from Haversham cum Little Linford and others, and to support the draft going out for public consultation. Approval of the Plan would initiate a statutory 12-week consultation period.
- 6.2. **Neighbourhood Plan** – Cllr Williams reported that following the closure of the consultation for the neighbourhood area application – as circulated by email – the Senior Planning Officer had received two consultation responses. One from Barton Willmore on behalf of Gallagher Estates and one from Gladman Development Ltd. Neither of these responses objected to the neighbourhood area application or to the principle of producing a neighbourhood plan for the area, but outlined requirements which the respondents felt the Parish Council should take account of in preparing a neighbourhood plan. As there were no objections he had recommended that the area application be approved and had submitted it for delegated decision. The Senior Planning Officer offered to attend a neighbourhood plan group meeting following the expiry of the PlanMK 12-week consultation period if invited. Cllr Williams announced that she now had to get down to the business of involving local residents on the Group and that she would be making an application for the £9,000 grant towards the hiring of a consultant. It was agreed that Cllr Williams contact Alan Mills, ex-MKC planning officer, for advice over the nature of setting up a neighbourhood plan. The Chair offered his thanks to Cllr Williams for all her work to date.
- 6.3. **HSCC representative** – Cllr Clift reported back on the February 8th meeting between HSCC and MKC officers. The points outlined in HSCC's recent open letter were gone through one-by-one and answers arrived at. New elements to the drawing, for example a gate through to the recreation field from near the HSCC, had been agreed by MKC. It had also been agreed that the drawing up of a new shared-site licence would be negotiated at a separate meeting. The Chair added that he had suggested same at a Governors' sub-committee meeting. Cllr Clift confirmed that the regular meeting of the Committee had not thrown up any new items other than a request to use the recreation field by a Youth Group for scout-type activities. They should request use in the usual way, via the Clerk.
- 6.4. **Save St. Peter's Group** (Stanton Low) – Cllr Furniss reported back that the Site Interpretation Boards should be in place by the end of March. The AGM of the Group would be held on Thursday 23rd February 2017

- 6.8. **Haversham School** – Cllr Burgess confirmed that governors at their recent meeting had agreed to keep the negotiation for the licence of use with HSCC separate to the modifications to the school extension for HSCC's benefit. Governors planned to devote expenditure towards refurbishing the parts of the school that would adjoin the new extension to facilitate it moving forward swiftly.
